James Morrison Motown in Our Town!

James Morrison is bringing Motown to Canberra and he has generously provided Snowy Hydro SouthCare with **50 tickets** to sell, with **\$10 donated** from **each** ticket to the Snowy Hydro SouthCare Aero-Medical & Rescue Helicopter.

The large-scale show, developed this year and featuring classic Motown music, features four vocalists, as part of an 11-piece band, including a horn section led by virtuoso trumpeter Morrison.

Morrison and his band will deliver an evening concert at the **Hellenic Club** on **Thursday November 5th 2009**. The Hellenic Club has also kindly provided Snowy Hydro SouthCare with some great prizes to raffle on the night before the show and at intermission.

Morrison says the audience response to his Motown music has been instantaneous, like flicking a switch. "Everyone instantly starts singing and dancing and clapping their hands," he said. He adds "the songs appeal was due to the depth of their lyrics and melody, which gave them longevity beyond that of the average disposable Top 40 hit. The best Motown songs told a story and featured a memorable melody, and on top of that, you've got a really funky groove."

Snowy Hydro SouthCare CEO Steve Gregory says "to have such an acclaimed international talent supporting our local efforts and our local aero-medical and rescue helicopter service is a huge honour. We are constantly out in the public raising funds to keep the helicopter in the air and this type of support is just fantastic. We are also very appreciative of the support of the Hellenic Club; it's going to be one sensational evening."
