SNOW HYDRO SOUTHCARE MEMORIAL GOLF HOLE

Snowy Hydro SouthCare thanks Fay Butcher for her sponsorship of the first 'Memorial Hole' at the 2009 Annual Charity Golf Day, coming up on December 3rd at Federal Golf Course, which is being dedicated to memory of world war two pilot Ken Butcher.

Ken flew in WW2 as a fighter pilot and the memorial hole is a dedication to the services that he and many other men and woman provided to Australia. Helping people way does not age, the aero medical rescue services that Snowy Hydro SouthCare provide, the urgency and dedication of the pilots, medical teams and air crewman all remain the same to this day as it did when aiding citizens in WW2.

Ken was also a keen golfer, which made the decision to support the Snowy Hydro SouthCare Golf Day even more appropriate. Ken and Fay's son and grandson are travelling from outside Canberra to attend in memory of Ken and show their support for such an essential aero medical service.

"I like to give to charity and find the Snowy Hydro SouthCare Helicopter a particularly worthy cause" says Mrs. Butcher.

Fay also believes senior citizens, and citizens of all ages need to know that over 3600 ACT and South Eastern NSW lives have been saved, and to think of the rescue helicopter when you may have some spare change, a cash windfall or when writing their wills. The rescue helicopter relies heavily on community donations and Fay is urging long standing Canberran citizens such as herself to get behind the service that one day may save the life of a loved one.

"We always wanted out 09 GF to be unique and to be the best Canberra has seen, it has been truly inspiring to see an indicial wan to sponsor what is essentially a corporate golf day but it is a great example of the passion, and dedication, that we often see from the Canberra community It will be great to have the current generation of Butchers playing in memory of the late Ken Butcher" adds CEO Steve Gregory.
