At approximately 9:30am Snowy Hydro SouthCare transported a male patient to The Canberra Hospital who was involved in a horse riding accident.

While riding in North Kiandra, the man's horse fell from underneath him in rough terrain, causing both the man and horse to fall. The horse subsequently rolled over the man causing a broken pelvis. Trained staff on board the Snowy Hydro SouthCare Rescue Helicopter stabilised the patient for the trip back to Canberra for further treatment where he remains.

No injuries to the horse in the fall.

Snowy Hydro SouthCare – providing a second chance at life.
